

“NCPs should be good communicators, and be able to adapt methods as necessary, taking into account the diversity of actors that make up their constituency (eg. academia, industry, including SMEs, public authorities etc).”

Evaluating the impact of NCPs communication activities

Meet & Exchange Workshop

March 6, 2017 – 10 am – 4.30 pm

Martine Roussel, MENESR (FR)

Evaluation of the French participation in the framework program for research and innovation

- Gradual decline in French participation in the framework program since 2002 (highest success rate but few applications).
- A Public Policy Evaluation commissioned by the Prime Minister
- Auditors were asked to :
 - Make the appropriate diagnosis
 - Formulate proposals to increase French participation

Results published on July 15, 2016

Methodology

- Analysis of French performance
- The articulation between the European and national levels of intervention
- Analysis of the French system of influence and support

Survey of enterprises (300) and laboratories (200) (IFOP)

Benchmark

Stakeholder participation

Classical audits and documentary analysis

Four visits in Regions

A trip to Brussels

Testing stakeholder proposals

Information and support needs vary according to the actors
